

Electrical Tools from Warm Glass UK

If you are outside the UK and wish to order electrical tools including small kilns and power tools please note the following:-

Electrical Supply

All small kilns and power tools are fitted with a UK plug and suit a single phase 220-240v household supply.

The nominal European voltage is now 230v.

Warrantee

All small kilns and power tools shipped outside the UK will be covered by the manufacturer's worldwide warrantee. The return postage and insurance are the responsibility of the person returning the merchandise.
